1	For now.	11/27/2021 2:51 PM
2	Street trash pickup has been a total disaster. Homes are leaving their bins in the streets north of south of the alley, not in front of their homes. My house is on one of those E/W streets which everyone leaves their bin on, and I either have to look at trash bins left out (there are a lot!) for two weeks, or put half a blocks worth of bins back in the alley myself. Let's please go back to alley pick up. Please.	11/27/2021 12:23 PM
3	I like having my trash, recycle and compost picked up in the alley. It is very efficient as it is now.	11/11/2021 7:01 PM

2	Reach/Sewell school is across the street. People park too close to our bins, and the DOTI worker leaves us a note to leave space. What in the hell are we supposed to do??	11/27/2021 12:28 PM
3	Street parking should be metered or somehow otherwise require a fee per vehicle. Streets should not be freely available for storing one's personal property.	11/27/2021 12:08 PM
4	There is no parking in the alley behind our house	11/11/2021 7:50 PM

Q11 The only snow control in alleys has been city trash trucks compacting the snow. Will you have trouble getting trash safely out of your alley to the street or the end of the alley?

1	It will be very difficult if not impossible. I will certainly not recycle or compost when there is snow	11/27/2021 2:51 PM
2	We are in the middle of the block, and it is steep at both ends so that is not an option for us	11/27/2021 12:28 PM
3	Cars create a problem by compacting snow on streets. Streets with little to no car traffic melt in a timely manner whereas car compacted snow on streets lingers for days to weeks longer. This is a clearly biased question. If you want to argue about placing bins someplace else, fine; but don't bring in some inaccurate statement about snow compaction into the discussion. Any multimodal street user who has spent at least one winter season in Denver would know this.	11/27/2021 12:08 PM
4	both ideas will be very difficult for me. I am well over 70 and hauling trash containers any further than from my garage to the east side of the alley will be a big burden on me.	11/11/2021 7:01 PM
5	We don't keep trash in the alley	11/11/2021 4:20 PM
6	I would for sure if my area moved to curbside pickup.	11/11/2021 3:03 PM

1	But I can't bring the trash cans to the front so it's pointless. And I don't want the stairs damaged. Also I've watched the driver take my neighbor's trash and it is an absurd use of his time.	11/27/2021 2:51 PM
2	But my neighbors help me.	11/27/2021 12:42 PM
3	It is too much of a pain to do this.	11/27/2021 12:33 PM
4	Not so far, but will with the first snow	11/27/2021 12:28 PM
5	but again I have alley pick up. If this changes, yes a city employee can get my tras weekly to the appropriate place.	11/11/2021 7:01 PM

1	We have a school right across the street and bins on the street interfere with the safety of student drop-off	11/27/2021 12:33 PM
2	THIS IS A HUGE PROBLEM!!!!	11/27/2021 12:28 PM
3	Parked cars are a greater threat than bins to pedestrian, bicyclist, and student drop off. Street parking needs to be further limited. Streets should not be freely available for storing one's personal property. At the very least, parking should be eliminated from the first two car lengths before every intersection. If you want to talk about street safety, don't bring your biases against bins into the discussion as a weak argument. It's not only weak but it's also inaccurate.	11/27/2021 12:08 PM
4	remember trash pick up is a public service. So make it a convenient service. Alley are safer, better for our limited street parking, less unsightly, and less hassle for the home owner/renter.	11/11/2021 7:01 PM
